BOSTON, MASS., February 1, 1900.

HON. THOMAS N. HART,

*Mayor of the City of Boston:*

SIR, — The Cemetery Department of the city of Boston respectfully submits its report of the affairs of this department for the fiscal year 1899–1900.

All burial-grounds owned by, and in charge of, the city of Boston, passed into the control of the Cemetery Department by an Act of the Legislature, chapter 375, of the year 1897.

The burial-grounds, cemeteries and tombs which are either owned by or in charge of the city of Boston are as follows:

#### MOUNT HOPE CEMETERY.

Located in West Roxbury District, about five and one-half miles from the city proper. Additional land with dwelling-house and other buildings on Berry street, bought in 1878 for \$4,500, containing two acres, and two lots of land on Berry street, purchased in 1877 for \$856.59, containing 12,237 feet; making total contents 107 acres and 1,347 feet. House occupied by the superintendent of the cemetery is owned by the city.

#### CITY PROPER.

*Copp's Hill*, 88,800 square feet.

*King's Chapel*, Tremont street, 19,200 square feet.

*Granary*, Tremont street, 81,900 square feet.

*Central*, Common, 60,693 square feet.

*South*, Washington street, 64,570 square feet.

## ROXBURY.

*Eliot Ground*, Eustis street, 30,082 square feet.

*Warren Ground*, Kearsarge avenue, 54,500 square feet.

## SOUTH BOSTON.

*Hawes*, 16,800 square feet.

## EAST BOSTON.

*Bennington street*, 157,500 square feet.

## CHARLESTOWN.

*Bunker Hill*, between Elm and Polk streets, 48,000 square feet.

*Phipps street*, 76,740 square feet.

## DORCHESTER.

*North*, Upham's Corner, 135,036 square feet.

*South*, Dorchester Lower Mills, 87,120 square feet.

## WEST ROXBURY.

*Centre street*, 39,450 square feet.

*Walter street*, 39,216 square feet.

## BRIGHTON.

*Evergreen*, 602,230 square feet.

*Market street*, 18,000 square feet.

## CITY TOMBS.

Twenty-five in the South Burial-ground; one in Phipps Ground, Charlestown; one tomb for infants in South Burial-ground; one tomb for infants and one for adults in the Copp's Hill Burial-ground; one for adults and one for infants in the Granary Burial-ground; one for infants in the Chapel Burial-ground; one in the Central Burial-ground for infants;

two receiving tombs at East Boston; one receiving tomb in Dorchester, North; one receiving tomb in Dorchester, South; one receiving tomb in Evergreen Cemetery, Brighton; and one receiving tomb in Mount Hope Cemetery.

#### MANAGEMENT OF DEPARTMENT.

The management of this department is vested in the members of the Commission, who are represented by a general superintendent, having control over the employees and property of the department.

The general superintendent, Mr. James H. Morton, with headquarters at Mount Hope Cemetery, directs the general work carried on in the cemeteries and burying-grounds, directs funerals therein, and keeps record of all interments pertaining to Mount Hope Cemetery, together with the location and transfer of bodies.

The general superintendent acts under the direction of the Commission, and is responsible to it. In addition to an annual salary, the superintendent is provided with a house situated in the grounds at Mount Hope Cemetery, in which he is required to reside. The duties of this position are manifold, requiring a knowledge of the needs of all the burial-grounds and cemeteries, and personal attention to the varied and different kinds of work carried on in this department.

During the past year the management of the department affairs under the charge of the superintendent, Mr. Morton, has been entirely satisfactory to the trustees. He has been a prompt, efficient and painstaking official, and has conducted the affairs of his office with economy, good judgment and intelligence.

The Board employs a secretary, who is the executive officer of the Board, and, in accordance with the requirements of the Acts of the Legislature, keeps the records of the Board, and has control of all documents, maps, papers and general information pertaining to the department. The secretary has charge of the finances of the department, and, in accordance with the City Ordinances, is under bond.

The secretary is Mr. Albert E. Smith.

While the general superintendent has general charge over all the cemeteries and burial-grounds, it is necessary, however, in carrying on the work of the department, that the Commission be represented by custodians in certain cemeteries which are either open for business or to visitors.

The general superintendent has complete charge of King's Chapel, the Granary, the Central, the Westerly and Walter-street Burial-grounds, and Mount Hope Cemetery.

The Bennington-street Cemetery is under a working custodian, who has charge of the grounds, and does the necessary work in the making of interments.

The custodian is Frank L. Turner.

The Charlestown cemeteries — Bunker Hill and Phipps street — are in charge of custodian, Mr. A. M. Lydston.

Evergreen Cemetery and the Market-street Burial-ground, in Brighton, are also under the charge of one custodian, Mr. Charles P. Harding, and one custodian, Mr. John J. Burnes, has charge of the North and South Dorchester, Eustis street, Roxbury, South, Washington street and Hawes, South Boston, Burial-grounds.

The department has an office in City Hall, where the general business of the department is transacted.

HON. J. ALBERT BRACKETT,

*Chairman Board of Trustees, Cemetery Department :*

SIR, — I hereby submit my annual report for the fiscal year ending January 31, 1900.

## INTERMENTS DURING THE YEAR.

In lots . . . . .	248
In single grave sections . . . . .	407
In Section "C" . . . . .	282
In Section "D" . . . . .	654
In receiving tomb . . . . .	36
Total . . . . .	<hr/> 1,627

Twenty-two (22) lots were sold during the year, making a total of 2,045 lots sold in the cemetery.

Number of lots in perpetual care . . . . .	657
Number of lots in annual care . . . . .	320
Number of half lots in annual care . . . . .	13
Number of single graves sold . . . . .	343
Number of single graves in annual care . . . . .	78

21,620 square feet of land graded for lots and other purposes.

9,620 square feet of sodding done.

568 lineal feet of new avenues built.

350 lineal feet of new walks made.

188 lineal feet of gutters paved.

200 feet of pipe drain laid.

## FOUNDATIONS WERE LAID FOR

23 monuments.

152 tablets.

2 steps.

1 set corner posts.

Seven (7) brick graves were built.

212,000 plants were grown in the cemetery greenhouses and frames, and used in the adornment of the department grounds. The plants grown are classed as half-hardy, tender, sub-tropical and tropical, and were grown with a view of having a succession of bloom, and variety of foliage from early spring until autumn.

Estimated value of plants grown,—\$10,600.

670 trees and shrubs were planted.

The regular employees of the cemetery were engaged as far as practicable in the labor of taking down the old greenhouses and sheds, excavating, laying foundations, and in erecting the new houses; had this not been done, the appropriation (\$5,000) would not have been sufficient to establish the present range of greenhouses.

Nine tombs were repaired in the old burial-grounds at the expense of the department and three other tombs, for which the proprietors paid the charge.

The average number of employees was 40, a force not sufficient to meet all the requirements, and at the same time to carry on the improvements deemed necessary.

Respectfully,

JAMES H. MORTON,

*Superintendent.*

## EVERGREEN CEMETERY.

Evergreen Cemetery is situated on the Commonwealth-avenue extension, near Chestnut Hill Reservoir, Brighton.

The custodian is Charles P. Harding, at a salary of one thousand (\$1,000) dollars a year.

The land in this cemetery was bought in 1848 by the selectmen of Brighton from the Heirs of William Aspinwall, for the sum of four thousand twenty-three and seventy-five one-hundredths (\$4,023.75) dollars, and was laid out as a cemetery of the town of Brighton, and remained under the control of said town until it was annexed to Boston, in 1873, and has since been managed by the city.

There are at present two hundred and seventy-five (275) lots and three hundred and eighty-six (386) single graves.

The cemetery was not originally laid out in a proper manner, nor any considerable portion of the land prepared for burial purposes.

The walks and avenues are of superficial construction, and need continual and profitless patching. The front of the cemetery on Commonwealth avenue should be suitably treated and made more attractive.

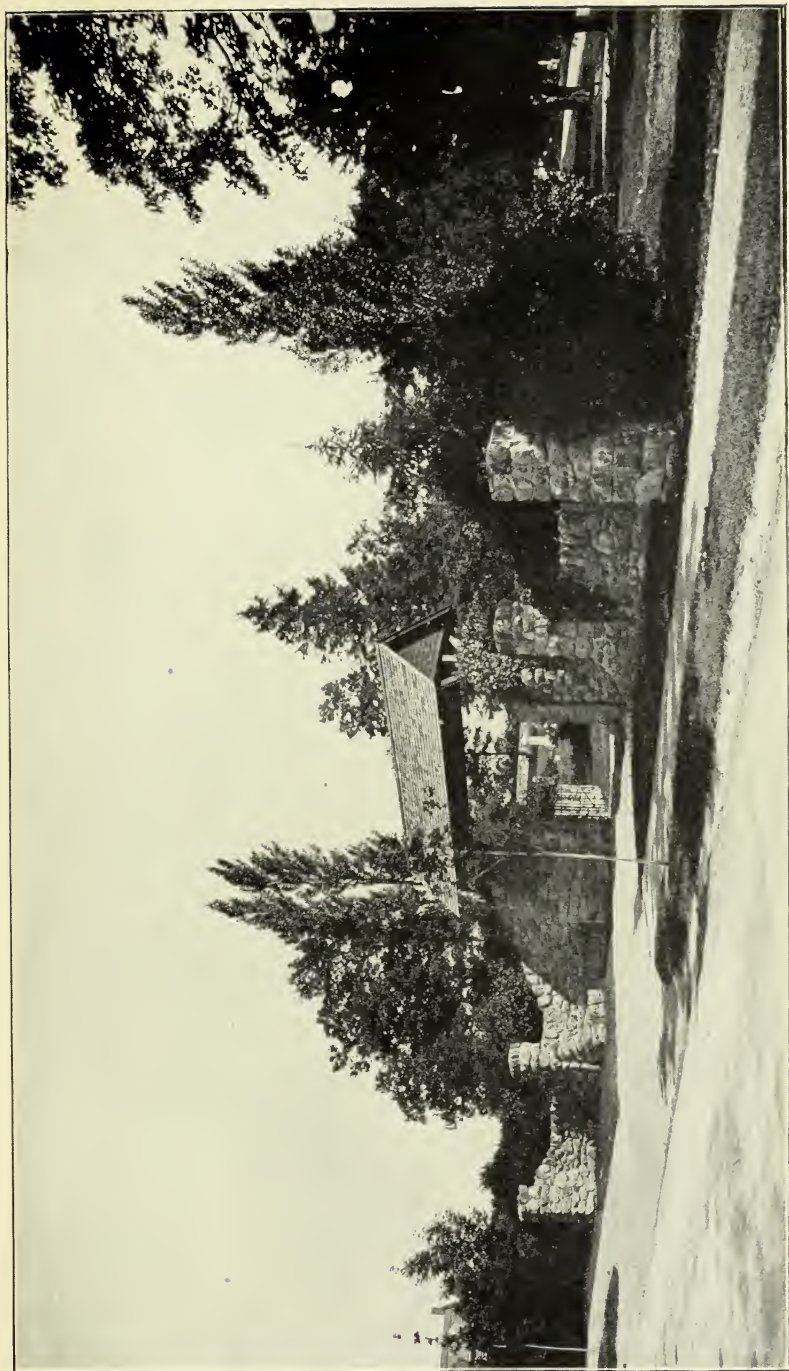

There is an active demand for single graves and small lots, which are prepared as needed. A large tract of land could be profitably prepared for this purpose and thereby save much for the city, and a special appropriation should be provided to develop and beautify this cemetery, which is located in one of the most picturesque portions of our city.

The wisdom of maintaining a cemetery in close proximity to Chestnut Hill Reservoir, the water supply basin of Boston, is open to argument, and is at present the subject of much comment.

We do not feel that this is a subject proper for this department to discuss on its merits. There are certain facts connected with this cemetery which the public should know. About one-half of its area has already been sold by the city, and five thousand eight hundred and eighty-three and twenty-five one-hundredths (\$5,883.25) dollars received for the perpetual care of certain lots.

It provides a place of decent burial at a small cost, and is the only cemetery in that portion of the city available to people of moderate means. So much of the ground, as already sold, must necessarily remain dedicated to cemetery purposes. To discontinue the sale of more land for that purpose is urged by the Park Commissioners, who, by virtue

ENTRANCE TO EVERGREEN CEMETERY.

of the broad terms of chapter 274 of the Acts of 1899, are given the "custody, care and control of all lands owned by the city of Boston in the territory bounded east by Chestnut Hill avenue, south by the boundary line between the town of Brookline and the city of Boston, west by the boundary line between the city of Newton and the city of Boston, and north by Commonwealth avenue and South street."

This description includes Evergreen Cemetery, although since the passage of the act, April 15, 1899, this department has controlled and maintained the place without interference.

The Park Department urge the question of public health, and that the grounds should be beautified to better accord with the plans for the Chestnut Hill section of the park system.

This department, since its formation, has constantly and persistently asked for the necessary funds to properly lay out and beautify this cemetery.

All that our appropriation enables us to do is to keep the grounds neat, care for lots, and perform the labor of making interments and developing such ground as is needed for burial purposes.

No money is provided looking to permanent and needed improvements. The grounds lack a proper waiting room, and have no toilet facilities. The cemetery, as maintained by the city, is not to its credit, and far below the standard set by private cemeteries.

This department has done what it could and greatly improved the grounds in many ways; it has, however, been little more than temporary patching.

If the cemetery is to continue as such, an appropriation should be forthcoming to place it in a condition creditable to the city.

The records of this cemetery, which came to this department in an incomplete and inaccurate state, have been gone over, supplied and corrected with pains and care, and much information, which was lacking, supplied.

There were sixty-seven (67) interments in this cemetery during the past year.

The cost of maintaining Evergreen Cemetery for the past year has been about three thousand three hundred (\$3,300) dollars.

## BURIAL OF UNCLAIMED BODIES.

---

This department discussed this question at some considerable length in its last annual report, and the matters therein contained are as pertinent at the present time as then.

In reply to Circular No. 3 of His Honor the Mayor, requesting the statements of needs of this department to be provided for under a loan bill, the need of acquiring a tract of land in some suitable locality and the expense of obtaining the same, has been carefully gone into.

This, as therein stated, is a matter of decided urgency.

We realize the growing tendency of objections from a sanitary standpoint of having large areas of land devoted to burial purposes within the limits of the city and near its life.

In the last annual report the question of cremation as a method of the disposal of such bodies and the expense attendant on the same, was treated of, but this department, in making a careful review of that subject, feels that the citizens of Boston in a large majority are opposed to the incineration of human remains.

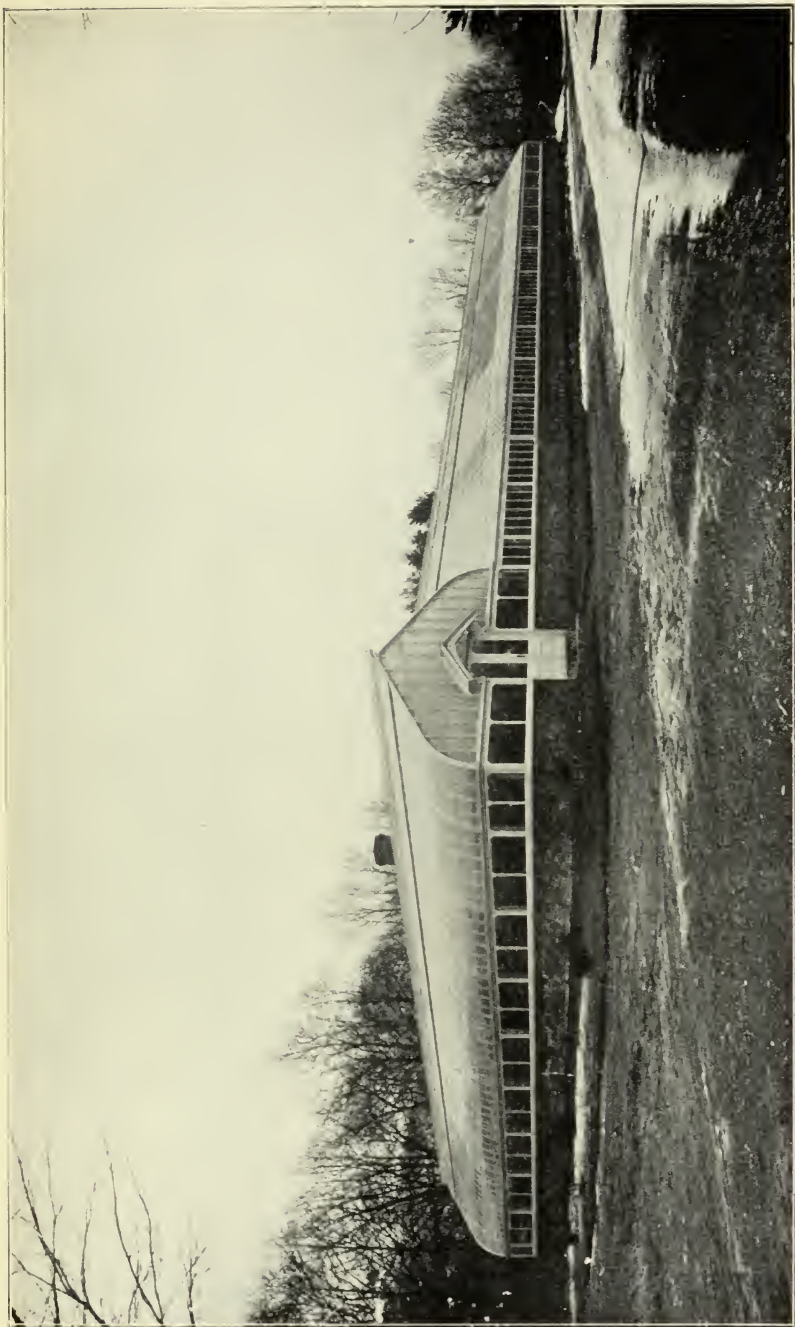

We feel that, in carrying out the work of the department, which is entirely in the interest of our citizens, that it would be entirely wrong for the members of this department to urge in any way a system or policy which a large proportion of our citizens are opposed to. As cremation does not seem to meet with public approval, the only method of caring for this class of remains is by burial in the soil.

The number interred yearly necessarily requires a large area of land, and provision for that purpose should be made not only for the present, but with a plan to some fixed policy in the future.

It is a part of the duties of the municipality to provide for its unfortunate members, not only while living, but to tenderly care for their remains after life is extinct.

We have urged the separation of the land which may be acquired for this purpose from the present Mount Hope Cemetery, as we have found that the people who have, by privation and denial, secured the small fee for the burial of their friends or relatives in the City Lot, feel that this paid burial should not be confused with the idea of an unpaid burial in a so-called pauper's grave.

GREENHOUSES, MOUNT HOPE CEMETERY.

The term "pauper's grave" is hardly a proper classification, as the parties interred in the lot so designated are people whose bodies are unclaimed or unknown. The separation, however, of such burials to any great distance from our main cemetery would necessarily cause added expense, as it would have to be treated as a separate cemetery in that event.

The location of such land seems a matter wholly for the City Government, with such advice and suggestions as to fitness and suitability as this department can give. It is not a trifling matter, and, although it has been urged for the last year with earnestness and care, up to the present time no steps have been taken to meet the need.

The city within a short time will be compelled to face this problem, because, when the land which has been supplied to this department for the purpose is filled, as it very soon will be, the department cannot receive more bodies for interment. This would be an unfortunate, and we trust to be an avoided, method of meeting the difficulty, particularly as it might come at a time when the city's finances were in such a state as to give no chance of an immediate relief.

This department is ready to carry out any method, or to develop and care for any portion of land that may be supplied for this purpose by the City Government.

The method of burial in other cities has been carefully considered, and statistics collected on this point.

We know we have persistently and fairly brought this matter to the attention of the City Council and our citizens, and feel we can do no more toward the solution of a pressing requirement.

#### GREENHOUSES.

During the short existence of this department the greenhouse plant at Mount Hope Cemetery has been entirely rebuilt. The greenhouses, now replaced by iron-framed and modern houses, were twenty-eight years old, of wood, insecure and totally unfit for the purposes for which they were used. Age and decay made it almost impossible to keep them at a proper temperature, and the patching and extra consumption of coal was a large and profitless expense. The greenhouses were necessary and could not be abandoned.

Two appropriations have been made to this department for greenhouse purposes.

We found, with the appropriations, that little could be achieved by allowing the greenhouses to be built entirely under contract. By utilizing, so far as possible, the laborers

of the department, buying the iron frames and doing so much of the work as could be done, with the resources of the department, an entirely new plant was erected for the appropriations given, and at a large saving to the city of Boston.

The present plant consists of three large iron-framed houses, with brick foundation, modern methods of ventilation and labor-saving appliances for the care of plants and shrubs. These greenhouses are used entirely for the raising of plants to decorate the grounds, and not for plants of a flowering specie, except such as can be profitably used in outside decoration.

#### CHAPEL.

During the past year a long needed chapel has been erected which, in character, construction and plan, this department believes is a credit to the city of Boston, and a distinct enhancement to the grounds at Mount Hope.

No modern cemetery of any size and distinction is without its chapel, and one has been needed at Mount Hope for several years.

Many of the lot owners and people visiting the cemetery have made inquiries as to why the chapel was erected on its present site. For the benefit of those who may not know of the proposed scheme which the department hopes to carry out, we make the following statement:

The site of the chapel was selected after long consideration on the part of the Trustees. The entire scheme when completed calls for a chapel, administration building and gateway. A cut of the same may be seen on one of the pages of this report.

The gateway is to be located at the centre of a crescent-shaped driveway with the administration building on one side and chapel on the other. A low stone wall, surmounted by an iron paling, on either side of the gateway, is to connect the two buildings.

The appropriation provided by the city was for the chapel alone. We hope before long, however, to be able to carry out the contemplated scheme as it will be a great addition to the grounds and go a long ways towards making Mount Hope Cemetery one of the most attractive in the city.

There is appended a statement of the cost of construction of the chapel and its erection. All the details concerning the same have been the careful study of the entire Board which has desired to get all possible for the money appropriated, and to have a structure that would be a credit to the city of Boston and compare favorably with chapels in other and nearby cemeteries.

We believe this has been accomplished, and an inspection of the chapel by such of our citizens as may be interested, will be more satisfactory than a detailed description in this report.

### THE NEEDS OF THE CEMETERY DEPARTMENT.

Although every year since the organization of this department much has been accomplished toward the betterment of the grounds, buildings and property within our charge, the neglect of many years is not easily overcome, and requires money to bring things up to the proper standard.

### BARN AND SHEDS.

The barn now used by this department at Mount Hope, in which we are obliged to keep our horses and so many of our wagons and teams as it will accommodate, was constructed in 1852, is of wood, old-fashioned and entirely unfit for the needs of the department.

The sills are badly rotted and, as a whole, it is in a very insecure and unsafe condition.

The sheds adjoining the same are quite as old, are exposed to the weather on one side, and not suitable for the storage of wagons or teams. The floor of the barn where the horses stand is insecure and not safe.

Nothing can be done, however. This matter has been spoken of and appropriations asked for the building of a new barn since the formation of the department.

### SUPERINTENDENT'S HOUSE.

The Superintendent's house has had nothing done to it in the way of repairs for a long time, and should have a thorough overhauling. The Superintendent is required to live on the grounds, and there is no reason why he should not be provided with a house which is, at least, comfortable.

### OLD BURIAL-GROUNDS.

The old burial-grounds of the city are, and always will be, a source of expense from which the city can expect to derive no financial benefit. Many tomb-owners are disinclined to do anything toward the repairing of their tombs. In many instances the graves cave in, and the walls and fences surrounding some of the grounds have grown insecure with age.

A large sum of money, if available, could be profitably spent in a general straightening out and overhauling of these old grounds.

The appropriation allowed this department is not sufficient to do anything more than to keep them presentable, neat, and to make minor repairs.

We feel that attention should be called to the number of interments that have been made in tombs in some of the old grounds in the crowded sections of the city.

Several of these tombs are used by undertakers who inter bodies therein, and from which the city of Boston obtains no revenue. Such use this department is powerless to interfere with, as these undertakers are the owners of the tombs.

The number of interments of this nature during the past year amount to over sixty (60).

None of these tombs are air-tight or in proper condition to allow interments therein without a distinct danger to the public health. We feel that if such interments are to be tolerated by the City Government, that at least the tombs should be reconstructed and made air-tight, and thereby diminish the danger to our citizens.

The number of interments made in the private tombs by citizens are very few as compared to those made by undertakers.

We trust that an investigation will be made of this subject, and a city ordinance passed restricting the matter in some way.

The cost of maintaining the old grounds for the past year has amounted to seven thousand ten and forty-nine one hundredths (\$7,010.49) dollars.

. . . . .

The revenue derived from Mount Hope Cemetery requires the keeping of a large portion of the appropriation of the Cemetery Department for use in Mount Hope Cemetery. The work of that portion of the department must necessarily go on at all times.

As no part of the earnings of this department can be used by the department, it can readily be seen that, with the increase of business at Mount Hope, there must necessarily be an increase of our appropriation in order to do the work that we are required to do.

The sale of lots and single graves, which brings a distinct profit into the treasury of the City of Boston, means that our laboring force has been obliged to prepare the ground for those lots and graves, and while doing this work, could not be utilized in the general routine work.

The earnings of the perpetual care fund do not afford enough to pay for the labor that is actually necessitated in the care of lots that have been paid for. Lot-holders owning lots in perpetual care are exacting, which, considering the perpetual care rate, is not open to criticism.

The force employed at Mount Hope Cemetery averaging but forty (40) men is not sufficient to do all of the work required of the department. In its diversified labor it should be remembered that this department is expected to do everything required in and about its grounds from the preparing of lots to the final record of interment.

We estimate as closely as possible the volume of business for the coming year, but it can readily be seen, if the sale of lots and the number of interments should take any unforeseen advance during any one year, that although this would be reflected by an added gain of income to the City Treasury, it would, nevertheless, find the department crippled for finances, and without sufficient money to carry it through for the year.

At times, owing to the number of interments coming at the same hour, we are obliged to have several men under pay to meet this requirement, which, of course, could be avoided if we had any power to suggest at what hour a funeral should take place. It is no uncommon occurrence to have seven or eight interments at substantially the same hour on one day. This requires a large force of men to meet the demand, while, if funerals were distributed, at least one-quarter of the number of men employed would be sufficient.

The force has been utilized at all times with every attempt to economize, but, in the making of interments and the carrying out of the orders of lot-holders, owing to the nature of the business of this department, there can be no delay, and if the force is not sufficient, it has to be increased to meet the demands of the moment.

This is one of the serious aspects of financiering this department.

Other work can be regulated with some degree of precision. This, however, cannot be, and whether at a great cost or a small cost to the city of Boston, the requirements we are obliged to fulfil must be met, and with precision and promptness.

It should also be noted that whatever we require of any other department in the way of water or printing, we are obliged to pay for, and our appropriation is decreased by so much as that department charges for its services.

We appreciate that this is a correct system of book-keeping, but, in the event that we had the right to charge up to other departments the full cost of the interment of unclaimed bodies which are sent through the channels of that department to us, at a nominal charge, added to the other earnings of the department, it would materially enhance our receipts.

We speak of this, as we feel that the citizens of Boston should realize that the cemeteries which are being maintained by them and which are in use (we do not now include the old burial-grounds) are really of no expense to the city treasury.

. . . . .

At a meeting of the Board of Trustees of the Cemetery Department, held October 19, 1899, a communication was received from His Honor Mayor Quincy, enclosing a petition from the Victorian Club of this city, requesting that a site be granted in the Central Burial-ground, Boston Common, that they might place thereon a shaft of Quincy granite or Gaelic Cross, containing the following inscription:

“In Memory of the British Officers and Soldiers, some of whom are here buried, who fell in the discharge of their military duties at the Battle of Bunker Hill, June 17, 1775.”

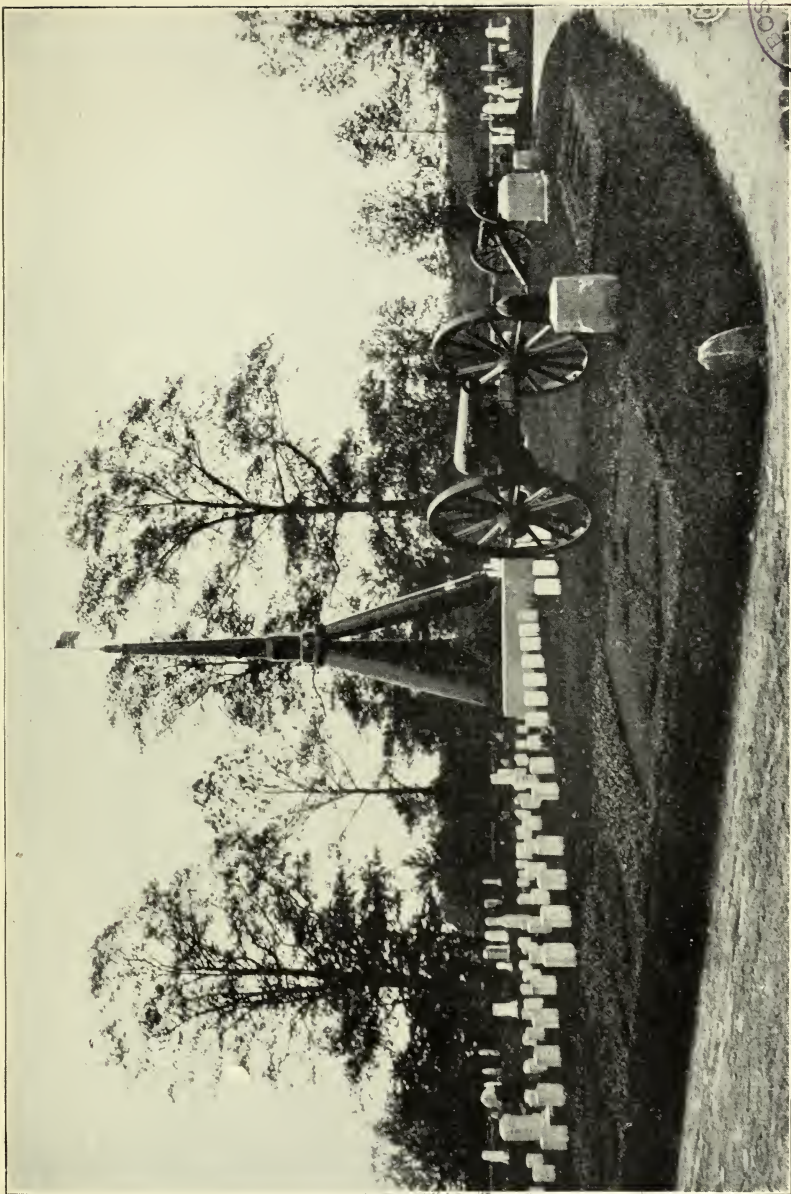

Accompanying the petition were letters in support of the same from Dr. Samuel A. Green of the Massachusetts Historical Society, Edward G. Porter, President of the New England Historical Genealogical Society, and Charles F. Adams.

As there was considerable comment and discussion by the public on the subject, this department sent to the daily papers the following statement, defining their position in the matter:

#### CEMETERY DEPARTMENT, CITY OF BOSTON.

As there seems to be some misunderstanding as to the present status of a petition before this department, in reference to the erection of a monument on the Central Burial-ground, we make public the following statement:

When this department received a communication and petition from His Honor the Mayor, in respect to this monument, we acted upon the same with the understanding that a monument was to be erected over the remains of certain British soldiers who fell in the battle of Bunker Hill, and were buried in the Central

POST 7, G. A. R. LOT, MOUNT HOPE CEMETERY.

Burial-ground on the Common, and that the location of that monument was to be absolutely fixed by those interested in the erection of the same over the remains of such soldiers.

We believe that the remains of such dead as are buried in soil belonging to the city of Boston, if fit and proper to remain in such soil, are in propriety entitled to a monument in the nature of a marker, which shall show to those interested where such bodies lie.

To this extent we, as a department, are obliged to go in the administration of the powers conferred upon us.

At the present time the city of Boston provides burial-places for all sorts and conditions of men. If we provide them burial-places, we surely have no right to say the remains may be interred but over the ground no marker shall be placed. It is not for us to say whether the person interred was fit to merit such attention or not. That is a matter beyond our control and belonging directly to the relatives or friends of those interested in such an interment.

A while ago, on the petition of certain historical societies, we allowed bronze tablets fixed on boulders to be placed in memory of Otis and Adams, in the Granary Burying-ground, but the final location of such monuments was not determined until we were absolutely satisfied that the remains of these illustrious men were in the tombs over which such monuments were to be placed, and the sanction of the people owning those tombs was given. Not only was documentary proof required, but in both instances the tombs were opened, and such evidence as existed examined to the satisfaction of the department.

We presume that the petitioners in the instance at present before us can adduce satisfactory evidence as to the location of the remains over which they have asked to place a monument and proper ownership of the land in which such interments are.

We appreciate that the burial-grounds under the control of this department are too sacred for mere memorials, no matter how worthy the objects of the same may be. These burial-places contain the remains of certain dead, which have ever been treated as sacred by the citizens of Boston, which remains were buried in decency, and which are entitled to decency in care and in respect. When any remains are definitely located, we believe that over them may properly be placed a fit and similar monument, stating that such remains exist, and are there buried, if erected by people having the right so to do.

We assume that all bodies interred prior to the organization of this department were properly interred, and shall so assume until their removal is ordered by the municipality, of which we are the servants. We assure the citizens of this city that no monument shall be erected by the sanction of this department in any of the burial-grounds under its charge, unless we are satisfied that such monument is placed over the remains which such monument is intended to designate.

We do not believe that mere commemorative monuments or memorials should be placed in burial-grounds sacred to certain dead. There are other places fit for such purposes, directly under control of the City Government, where it is customary to order the same erected; but such remains as we have under our immediate control, which were decreed decent burial, are entitled, so long as under our custody, to impartial treatment, whether the same be friend or foe.

We, as officers of this municipality, must administrate the affairs of this department in equal equity, and have no right to grant the privilege to erect a monument over the grave of one, and deny that privilege over the grave of another. So long as we are entrusted with the remains of the dead, so long must the same be treated in equal respect and in equal right.

A petition has been presented to this department asking leave to erect a monument over the remains of certain British soldiers, which the petitioners state are buried in the Central Burial-ground, on Boston Common. We feel that if the remains are in this burying-ground, and can be definitely located, that so long as they rest there they should be treated as any remains interred in the burying-ground under the care and custody of the city of Boston. The location for a monument at any definite point within the burial-ground has not yet been asked for, nor sanctioned by His Honor the Mayor, and the same can only be granted upon definite proof and evidence satisfactory to this department as to the location of these remains. Such a location can only be deeded by the direct authority of the head of the municipality, and must be of land owned by the city of Boston.

This department has no proprietary rights, and is merely vested with the care and custody of the burial-grounds which the city of Boston has in its care.

J. ALBERT BRACKETT,  
*Chairman Cemetery Department.*

During the past year the members of this Commission have given so much of their time as seemed necessary for the proper prosecution of the work of this department. All matters of any importance have been discussed and settled by the entire Board, and only matters of detail have been left to the judgment of any one member.

We have endeavored to distribute the general fund of the department in accordance with the needs of the various cemeteries under our charge, and have desired to do justice to all people interested in any particular portion of the department work.

The department appreciates the sacredness of the task imposed upon it in the care of the beloved dead of the citizens of Boston, and realizes the importance of keeping accurate records and strict custody of the remains intrusted to the care of this department.

It also realizes that many matters arise which involve perplexing questions as between the individual and the public, which have to be answered along the narrow line of legal right and cannot be open to discussion on any other ground.

Certain individual lot-holders may exercise the right of use of a lot in a way repellent to the idea of a large number of the public. Whether such use is in accord with public taste is not a question which this Board has any right to determine, and its only guide at such times is to so administer the affairs of this department as to keep all parties under its supervision within strict legal limitations at all times.

In all matters we have tried to do our duty as trustees of this department, and we beg respectfully to submit this, the annual report of our administration.

J. ALBERT BRACKETT, *Chairman.*

## ARTICLES, BY-LAWS, RULES AND REGULATIONS OF THE CEMETERY DEPARTMENT.

---

ARTICLE I. The ordinances of the City of Boston relating to the Cemetery Department shall apply to the conduct and management of this department.

ARTICLE II. The Trustees of the Cemetery Department shall organize on the first of May. At this meeting there shall be chosen a Chairman, a Secretary, a General Superintendent and custodians of the several grounds. A majority of the Commission shall constitute a quorum.

The regular meetings of the Commission shall be held on the first and thirteenth days of each and every month, except when the same occur on Sunday or on a holiday, when the meeting shall be held the day prior or following, as the Chairman shall designate. Other meetings to be called by the Chairman, as he may deem advisable.

ARTICLE III. The Chairman shall preside over the meetings of the Commission and shall designate the hour and place thereof.

He shall sign the deeds of conveyance of lots and bonds given for the perpetual care of the same; he shall sign and approve the bills, pay-rolls and sign such orders as are necessary to permit interments and removals of bodies, and the opening and closing of cemeteries; he shall make the annual and other reports to the City Council, and perform such other duties as are required by the ordinances of the city; all bills on account of the department shall be approved by him before they are presented to the city for payment; in the absence of the Chairman, his duties shall be performed by such Commissioner as he delegates to act in his absence; such delegation shall be in writing, and shall specify the specific action or actions delegated.

ARTICLE IV. THE SECRETARY. The Secretary shall notify and attend all meetings of the Commission and perform all clerical work, and keep the records, plans and papers of said Commission; the Secretary shall keep such books as directed by the Board, showing transactions concerning the various cemeteries under this Commission, and shall prepare and record in books kept for the purpose all deeds of conveyance of lots or bonds given for the perpetual care of the same; the Secretary shall have charge of all the plans, books, catalogues and other papers of the Commission (except as hereinafter provided) and shall perform such other duties as may from time to time be delegated by said Commission.

ARTICLE V. THE GENERAL SUPERINTENDENT. The General Superintendent shall reside on the premises known as Mount Hope Cemetery, and under the direction of the Commissioners shall have the custody of said cemetery and the general supervision of all the cemeteries and burial-grounds under the control of this Commission; he shall keep the various cemeteries and burial-grounds in a condition satisfactory to the Commissioners; shall have the sole power to engage or discharge workmen, and to order and arrange their respective duties; said Superintendent shall keep in

books provided for the purpose, of which he shall be the custodian, regular and accurate records of all interments in, and removals from, Mount Hope Cemetery, and said record shall include the names and ages of all persons interred, and also the place and date of their interment; he shall see that all the regulations made by the Commission in regard to interments and the construction of tombs, monuments and fences are complied with; he shall see that the rights of the city and the regulations of the Commissioners are respected and complied with by all persons employed on any of the grounds, under the control of the Commission, and by individual proprietors; he shall fulfil all contracts made with proprietors for the care and decoration of lots, for their permanent care, and perform such other duties as the Commission may require; he shall have full power to remove from Mount Hope Cemetery, and other cemeteries and burial-grounds within the control of this department, improper and disorderly persons, to abate nuisances, and to remove rubbish and unnecessary and unsightly decorations or adornments; a general report of all transactions of Mount Hope Cemetery, with proper vouchers, also the number of interments made for the preceding month, shall be rendered by him; he shall also, from time to time, inspect the other cemeteries and burial-grounds within the charge of this Commission, and shall report monthly their condition, and make such recommendations as he deems advisable in reference to the same to the Commission.

The compensation of the General Superintendent shall be a salary of twenty-five hundred (\$2,500) dollars a year, and the use of the dwelling-house connected with Mount Hope Cemetery, and he may also cultivate such portions of the grounds of Mount Hope Cemetery and keep such domestic animals for his own use as the Commissioners may designate; and may be removed for cause by the vote of a majority of the Commissioners.

ARTICLE VI. The Commission shall establish an office, wherein the Board can hold its meetings, and which shall be open to the public daily (Sundays excepted) at such hours as the Chairman shall delegate. The records of the department, under the control of the Secretary, shall be kept at such office, and the keys of the various cemeteries and burial-grounds shall also be kept there. The office shall be equipped in a suitable manner for the purposes of its work, and at said office the Secretary of said Board shall be located.

#### COMMITTEES.

The Chairman shall at the meeting succeeding the meeting of organization appoint each one of the Commissioners a Committee of One, who shall visit from time to time such cemeteries and burial-grounds as shall be designated by the Chairman in said appointment, and shall report to the Board of Commissioners, when required, the state and condition, with recommendations concerning the same, of such cemeteries or burial-grounds as are designated.

The Commissioners as a whole shall act as a Committee on Accounts, who shall in executive session of the Board consider all bills on the thirteenth day of each month, after which the bills shall be approved by the Chairman.

There shall be a Committee on Grounds, consisting of three Commissioners, who shall consider the treatment and care of the grounds, trees, avenues and paths in the cemeteries, and whose duties shall

be to make such recommendations to the Commissioners in reference to alterations, repairs and improvements therein, as they shall deem expedient.

There shall be a Committee on Lots, consisting of three Commissioners, who shall have the general recommendation of the question of sales, location and enlargement of lots, and who shall also consider such questions as arise between individual proprietors or between the proprietors and the members of this Commission. They shall consider such matters and shall, from time to time, make recommendations to the Commissioners in reference to the matters herein specified.

#### INTERMENTS.

No interment shall be made in the cemeteries or burial-grounds under the control of this Commission until such a permit as may be required by the laws of the State, or of the city or town from which the deceased may be brought, together with an order from the proprietor of the lot or tomb in which the interment is to be made, or from his legal representative, shall be obtained. Such permit, when the interment is to be in Mount Hope Cemetery, shall be sent to the Superintendent of Mount Hope Cemetery, and if in other cemeteries to the person or persons designated by this Commission; but in no event until the fees have been paid.

No removal of bodies from the cemeteries or burial-grounds in charge of this department will be permitted, except as provided by the laws of the State, city or town, and in the manner prescribed by the Board of Health, or an order from the Commissioners of the Cemetery Department.

Until otherwise ordered, the fees for digging a grave and making an interment in same, or making an interment in a private tomb, shall be according to the following schedule:

For a person 10 years of age and over . . . . .	\$5 00
For a person under 10 years . . . . .	3 00
Soldiers (in need) . . . . .	2 50
Each additional body interred in a grave at the same time, 10 years and over . . . . .	1 00
Under 10 years . . . . .	50
Deposit in Receiving Tomb (see article on Receiving Tomb) . . . . .	10 00

#### INTERMENTS IN CITY LOT.

A person 10 years of age and over . . . . .	\$5 00
A person under 10 years . . . . .	3 00

#### LOTS.

Lots shall be laid out by the Superintendent in Mount Hope Cemetery and in Evergreen Cemetery, subject to the approval of the Commissioners, and every lot so laid out shall be marked with a stone number. The erection of fences, memorial stones, tombs, planting of trees, shrubs and plants, the adornment of lots, shall be under the supervision of the Cemetery Commission, who shall have the right of determining the suitability of the same, and, in the event that they deem the same unsuitable, to remove or abolish the same.

## SALES AND CONVEYANCES.

No deed of any lot shall be issued to more than one grantee, nor to any person as trustee, executor or administrator, except by vote of the Commissioners.

## RECEIVING TOMB.

Bodies may be deposited in the Receiving Tomb at Mount Hope Cemetery, or at Evergreen Cemetery, on the payment of ten dollars (\$10) to the Superintendent. If within four months after such deposit, the body shall be interred in another part of the same cemetery, no further charge shall be made for such interment; but if the body shall not be removed from the tomb within the period above specified, the General Superintendent may cause the body to be interred in such place as shall be designated by the Commissioners. But the Superintendent, under the direction of the Commissioners, may allow the body to remain a longer time, on the payment, in advance, of three dollars (\$3) per month for an adult and two dollars (\$2) per month for a child.

## MONUMENTS, STONES, FENCES, ETC.

Proprietors have a right to erect on their lots monuments and stones of appropriate character. Tablets or other devices of wood, fences of wood or iron, or hedges are not permitted.

No grave or tomb shall be opened for an interment or removal by any person, except by order of the Commissioners or Superintendent.

## FUNERALS.

Early notice should be given to the Superintendent at Mount Hope Cemetery of funerals which are to be held in that Cemetery, and in other instances to the custodians or the Secretary of the Commissioners.

At least twenty-fours' notice shall be required.

## VISITORS.

Mount Hope Cemetery, Evergreen Cemetery and Copp's Hill Burial-ground (the latter from May 1 to November 1) shall be kept opened daily, Sunday included, from eight o'clock, A.M., to sunset. All other cemeteries shall be kept locked, and the keys thereof shall be in the custody of the Chairman, or of such person as he shall delegate to hold the same. Visitors desiring to obtain admittance to such cemeteries or burial-grounds shall make application to the Chairman or Secretary of the Commission, or to the Commissioner in charge thereof, who shall in his discretion under such provision or circumstance as he deems expedient, allow said cemetery or burial-grounds to be opened to the inspection of the applicant. Lot holders and owners of tombs in said cemeteries or burial-grounds shall have a right to visit the same, within reasonable time after notice of their desire to the Chairman or Secretary of the Commission.

## RULES AND REGULATIONS.

1. Mount Hope Cemetery, Evergreen Cemetery, the Dorchester, North and South, and Copp's Hill Burial-grounds, as aforesaid, shall be open to visitors at all seasonable hours.

Persons desiring to visit the other burial-grounds may do so by making application at the office of the Cemetery Department in City Hall.

2. No horse is to be driven within the cemeteries or burial-grounds, under this department, faster than a walk, and no horse shall be left in the grounds without a keeper, except by the consent of the custodian in charge, who may designate places where the horse may be fastened or secured.

3. No bicycles or automobiles allowed on the grounds.

4. Visitors must at all times be orderly, and will not be permitted to walk on the flower beds, upon the grass or the graded lots or borders.

5. All persons are prohibited from gathering flowers, cutting or breaking any tree, plant or shrub, carrying or eating luncheon in any of the grounds of this department, and no one shall be allowed to write upon or to otherwise deface any sign, monument, fence or structure within the control of this department.

6. The Superintendent or Custodian in charge of the cemetery is authorized to remove all persons who violate any of these regulations.

7. No slab, monument, marker or other structure shall be erected in any of the said cemeteries or be removed from any of the said cemeteries without the permission of said Commission or some person delegated by it to act in the premises.
